ABOUT ME

Diligent and passionate software engineer with 2+ years' total coding experience and 6-months' industry experience. I am results-oriented and have a strong aptitude for solving problems.

EXPERIENCE

Full-Stack Software Developer Intern

GOMYCODE / Lagos, Nigeria / Jan. 2022 – Jun. 2022

- Designed dynamic and responsive web pages using HTML5, CSS3, JavaScript, media queries and Bootstrap
- Developed Single-Page Applications using React.js. Used Redux for state management, React Router for declarative routing and Axios for making AJAX calls
- Utilized modules such as MongoDB and mongoose for database persistence
- Used POSTMAN Rest client for chrome to test all the services
- Development of server-side RESTFUL APIs using Node.js/Express.js
- Used source version control tool Git to manage the code repository

HR Business Partner and IT Technical Recruiter

Access Bank Plc / Lagos, Nigeria / Sept. 2018 – Dec. 2021

Responsible for full life cycle recruiting of IT candidates as well as aligning business objectives with employees and management in designated business units. Key achievements/responsibilities included:

- Leveraged multiple sourcing strategies and channels including external network, job boards, and internal referrals to provide high-quality candidates for open positions
- Identified current and prospective staffing requirements, prepare and post notices and advertisements, and collect and screen applications
- Managed business to business relationships with a network of external vendors, including retained, contingent, and research-based recruiting firms
- Strategic partnering with Managers, Directors, and Consultants to develop recruitment action plans.
